One Nation - Half a Million Unreached Villages - One God

Rajan Digal's 2022R2 - Report

Greetings in the name of our Lord and Savior Jesus Christ; by the grace of God, we are doing well in our lives. God has met all our needs in time according to His glorious riches in Christ Jesus. we were able to spend quality time with my family members and prayed together for our believers and ministry field. we would like to thank you for your prayer and support for ministry. by the grace of God, our ministry is advancing, and we are reaching new villages with the good news. God has done great miracles in my ministry in the this Lockdown time. I have communicated through phone and some time secretly I have visited and shared the word of God and prayed for them so by listening the word of God newly people have taken decision to accept Jesus Christ and now they are attending in my church. Before they were Hindus and washing idols, goddess, they were drinking alcohol. And then they came to Roman Catholics teachings, and they were following Roman Catholics doctrines but still they had no peace and hope in their family. So in this lockdown period I got opportunity to share the word of God, so I explained them and asked them to pray and I came to my home. Next day I visited again to that families and I shared about second coming of Jesus so while I shared about this, they decided to come to church and now they are coming to church. There is no persecution in ministry field, but we are facing setbacks in ministry field. some of my church believers are not coming to the church. continue to remember my ministry so that we may grow in number and His power to bring many more into the kingdom of God.
