- Please pray for the ministry and God may help us to do more effectively
- Please pray for my mother and she is staying alone at a house which is demolished
- Please pray for my family and God may provide all our daily needs.

Report

I thank God for his provision, protections and divine guidance in which he has led us successfully in all these month. As a family we are doing well. My children are very happy in the Lord. The presence of the

Lord is making us more blessed and hopeful. In all these month I had spend more time with the Lord in prayer and fasting. I thank God for the NCM and for the financial support which is a great help for our survival and for the ministry. In all these days I could spend quality time with my wife and children. Due to the lock down we are not able to have meeting at church. But through conference call we are having meeting on every Sundays and Fridays. Regular fasting prayers are conducted with the help of mobile phone by sitting at our own houses. I thank God for all his blessing and guidance for the ministry. All our believers are doing well and more conscious about corona virus. We are also having regular Bible studies for all our church members. As a NCM missionaries we are having blessed time in online worship and Bible studies through zoom. We all the missionaries are blessed by the Lord through this institution. Now days my mother is alone at house. I am the only child for her and the house where she is staying is almost demolished. The house roof is almost spoiled and walls are broken. Please pray for her and God may do great things for her.
