- Please pray for my family and God may provide everything
- Please pray that God may help us to bring these people to the Lord
- Please pray that God may bless our ministry
- Please pray for the believers to grow in the Lord.

Report

Praise the Lord. Greetings to you in the name of the Lord and savior Jesus Christ. In all these Month God was so good to me. I have been ministering in an unreached people group in Andaman. It is an island. Here I am really blessed by the financial support for the ministry from NCM and may God bless you as a team. 12th September 2019 I got married and as a family we are going to serve the Lord in this place. Please pray that she is first time coming out Kerala and the language and cultures are different. I pray every day and God

is helping as a family to grow in the Lord. Now I could reach to five villages and it is very hard for us to reach these people. Because these people main income is through making alcohols, witchcrafts and adulatory. So people are not able to leave these. There is no any other work in these villages. There is no schools and only in one village have the schools. The foods and other things are imported from Kerala. So it is very costly. But through doing social work we are changing people. In church all are growing in the Lord. The setbacks for the ministry is that people are uneducated. This is an island and there are 9 island are existing in Andaman. In most of the village we have no permission to visit them. Many of them doesn't wear cloths. They lives in forest. There is no any transportation. Not only that, others are not allowed in their territory.
